Kadur Dt Govt No. 54
Dated 1st Aug 1870

Office Note.

Encamping Grounds

Proposal to appropriate, for ~~cultivation~~ & other purposes certain Govt waste land in the Tarikere Taluk previously included in the list of encamping grounds.

The Govt of Kadur proposed that a certain plot of Govt waste land in the Tarikere Taluk, which had been included in the list of encamping grounds, may be appropriated for other purposes such as the construction of a Police Cutcherry and the cultivation of Coffee.

The inexpediency of the ground, its being overgrown with Lantana and the absence of water in its proximity are the disqualifications which

Paper No. 6037 of 2 Encl. 1 Map

Encl. 22-7 d/
Survey No. 3 the Kamandroog village.

~~and by the~~ which the Qr Mr Genl considers to be required for the ground designed for encamping purposes. The D.C. stated that neither the Site nor the road had been ever used by any military force and that should a Site be required, a separate report on the same might be called. ~~but~~ It was however found from the list of encampments furnished by Colonel Gillespie in 1858 that there is a good supply of water in a stream close by the Site. The Dy Qr Mr was therefore called upon to explain the discrepancy and he states that the Stream referred to in Lt Brindle Jones report "has since dried up to a great extent, probably owing to the failure of springs from some unknown causes."

5-7-98

Draft
MS/7/98

Draft subd
6/7/98.

The foregoing orders were
communicated to the Depu
Commissioner, Kadur Distri
and in reply thereto he
states as follows:-
1. The extent of the present

† Vide Serial ~~Draft~~ Ltr 97. No 10

† Vide his letter No 29 dt 14/7/98

village site (Gam Jana) is
12 acres — 10 guntas; and it
contains 112 houses.

2. There are 5 acres still
unoccupied but they are
not suitable for building
on as reported by Mr. Sparkes
in February 1896. (vide his
letter No. 603.) and, it was
on this very account that
the question of acquiring land
for the Gam Jana was
raised by him.

3. If the village is extended
in the direction proposed,
it is reported that about
30 or 40 houses will spring
up in the new site.

4. The present village is very
badly laid out, on the side
of a hill, and is exceedingly
unsanitary; the houses being
unnecessarily crowded to-
gether. Nothing can be done
to improve the village
without extending it, and
the site offered by Mr.
Denne is in many ways
the most suitable ground
available being near the

the Western portion of it measuring 1¼-5, marked as 8(a) in the Sketch, is in every way convenient for camping purposes & commands a good supply of water close by & that the Eastern portion marked 8(b)-extent 2 acres - is overgrown with dense Lantana & is quite unsuited for an encamping ground, being situated close to, and underneath, the village. He further states that Mr Pearce asks for the eastern portion marked 8(b) in exchange for S. No. 17 of the same village measuring 3 acres - 2 guntas (including Kharab 1 gunta) in the Khata of Messrs Ross Porter & Co., which is contiguous to the village and Mucafirkhana & capable of being added on to the village Site if needed, and that as the Western portion of S. No. 8 is quite sufficient for camping purposes, is

5

Situated close to the Travel-
-lers Bungalow, road and
Stream in which there will
always be water, the Eastern
portion which is not fit
for coffee cultivation,
may be given to Mr Deane
in exchange for S. no. 17 which
is exactly of the same nature
& held on dry tenure, +
that for the foregoing reason
no reference is necessary
to the Residency in the matter.

In this case send to the
Assistant Resident under
this Office letter No 423/43 dated
21st April 1897, mention is
made of part of Survey No 8
viz 4 acres 22 cents
having been allotted for
Encamping purposes. But
as the Commissioner now
proposes to set apart 4 acres
& 9 cents marked in the Sketch
as 3(a) for the purpose, it does not
seem necessary to make a
reference to the Residency
as required in this letter No 436/503-3
dated 7th December 93. But forwarded.

Government
No 1116/98
dated 19/6/98

Dy Conservator
Forests
Bangalore
dated 19/6/98

Note.

With reference to the 2nd Councillor's first query as to "what is the necessity for adding on any extent of land to the village site" of Santvari, it is respectfully submitted that –

(1) from Serial No. 1 of the vernacular file, it is understood that the Dy Comr. had given verbal orders to the Amildar during the Jamabandi to add on a portion of the land to the Gaun tana out of the Kharab land adjoining it,

(2) from Serial No 12 of the same file, it is understood that the villagers had applied for lands out of Survey No. 3 for building houses,

(3) from Serial No 16 of the said file, it is seen that more land is wanted for keeping the village clean

(4) in Serial No. 17/3 of the said file, the Deputy Comr. says that Survey No. 8 of the Kamandrag village which is overgrown with

Lantana keeps the village very unhealthy and that a portion of it may be taken up for the village site.

(5) in serial No 22 of the same the Amildar states that the villagers had requested that the land in question may be added on to the Gyan Jana but that no references on the subject are forthcoming in his office, and

(6) in his letter No 603 of 29. 2.96, the Deputy Comr. states that there is no vacant Govt land in the village site for new settlers and for constructing a Police Out-post.

Hence the recommendation for the Sanction of the Grant.

Subd. to Secretary

Deputy Commissioner's Office
Hadur District
Camp Sankere 29th February 1896.

(18)

From

The Deputy Commissioner
Hadur District

To

The Secretary to Government
General and Revenue department.

Sir

I have the honor to state that survey No 8 measuring 22 acres and 99 guntas of the Hamandroog village in the Sankere Taluk (unassessed) has been during the survey settlement set apart as an encamping ground and is situated close to the Hindu Musir Dharkhana and the Travellers' Bungalow at Santaveri which is a dakla village attached to the asli village of Hamandroog. The land is uneven and much overgrown with lantana and thick jungle and is quite unsuited for camping purposes especially as there is no water available there. Also the Santaveri dakla village site measuring 12 acres and 10 guntas have no Government vacant convenient sites in it for new settlers and for constructing a Police Out-post

Draft no for order

2 Drafts

Read:-

Correspondence ending with letter No. 708 dated 20th April 1898 from the Dy Commr, Kanara District, regarding the appropriation for cultivation purposes, of a portion of S.No. 8 of the Kamandroog village, Sirsi Taluk which has been set apart as an encamping ground.

Also - Docket No. 740 S. 21st May 1898 from the same officer.

Also Letter No. 2009 B/16 dated 1/8 from the Dy Commr

Order thereon:-

Valid Extn of 25/6/98

having no wells, springs
and as there were no water
available in the locality, and
He requested sanction to a

cultivation. He further
stated that no Military force

in question, and that there
was no necessity for keeping
the land open for the purpose
for which it was reserved, &

was at all required, some other
convenient spot might be
selected for the purpose. [illegible] known
from the list of encamping
grounds submitted by his pre-
-decessor in 1926, that the extent of the encamping
ground was only $\frac{A}{4}-\frac{G}{00}$ and that
there was a stream about 200 yds

To The Deputy Commissioner
Kadur Dt

Dy July 1896

No 921 / R 364 dy 27-7-96

Vide letter No. 603 dated 29th February 1896 requesting sanction to the appropriation of 2 acres of land out of Survey No. 8 of the Kamandoorg village of the Tarikere Taluk set apart as an Encamping Ground for the Extension of the present Gum Tank of the Santaveri Dakhla village attached to the Keli village above named.

I am respectfully to point out that while in the present reference it is stated that the land in question "is quite unsuited for Camping "purposes especially as

"there is no water available
"there", it was reported in the
statement enclosed in your
predecessor Mr Mackeyshis
docket No: 429 d: 8th Dec 1886
that "there is a stream about
200 yards away which supplies
water even in the
driest season".
Requests an explanation
of this discrepancy at an
early date.

By Order

27/7/96

Secretary

(22)

away, which supplied water
ever in the driest season.
Mr Sparkes, who was called
upon to explain the incon-
-sistency between his state-
-ment and that of his prede-
-cessor, reported that the
Stream had since then dried
up to a great extent, owing to
the failure of Springs from
Some unknown cause.

2. Re Dry Comm.r, who was then
requested in this office No 3223
Q 2727
dated 8th March 1898 to report
what other land he would rec-
-ommend to set apart for en-
-camping purposes, (and he
reported) that the Western portion of No. 8,
measuring 1¼ — G 9 which is an
every way convenient for
Camping purposes and Com-
-mands a fair Supply of water
close by, may be reserved as
an encamping ground, & that the Eastern
portion measuring 8 acres or-
-grown with Cantana: ~~being~~ is
quite unsuited for an encamp-
-ing

encamping ground owing to its proximity to the village and ~~is~~ unfit for coffee cultivation, may be granted to Mr. Denné, Agent to Messrs Rees Parker &c., in exchange for Sur: No. 17 extent 8-~~4~~ 6 2 (including 10 guntas of kharab) of the same village, which may be added on to the village Site. The petition states that no reference is necessary to the Residency in the matter.

The Dy Com^r proposes that this portion

2. Under these circumstances, the Dy Comm^rs proposals are sanctioned. The land proposed to be granted to Mr. Denné will be held on dry tenure, the assessment leviable thereon being fixed by the Survey Dept^t.

4.

Whether the necessity for adding on any extent of land to the village site for encampment &c. is not needed in a encumbered state is required by the Rules it might well be given rent-free, but if this arrangement interferes with the land already included in the site and with the boundaries as encamping ground in reference must of course be made by some competent authority, intimating the exact arrangement & substitution of other land — I can expend then therefore more delay in the disposal

Secretary.

No. 8323 Cul V.
R. 2727

Correspondence moving with
the Dy Commr's Docket no. 5
8 1st August 1896, reportin
that the Stream said to hav
~~been~~ existed in S. no. 8 of the
Kamendroog village, Tarike
Taluk, set apart as a Cam
-ing ground, has since dr
up owing to the failure o
Springs -

Adverting to the above
~~to its previous Communic~~
~~no. 603 of 29th Feb 1896~~, has t
honor to request that, as a
reference has to be made
to the Resident in Mysor
in the matter of the propos
appropriation of the abov
number for building and

said cultivation purposes, the Dy Commr will report that other land is proposed to be set apart for use as an encamping ground ~~which is situated~~ in the vicinity of Survey No. 8 and the situation of the proposed land over Survey No. 8 above referred to should also be given along with other necessary details.

2. The said papers are returned for reference and resubmission.

be so good as to (25)

in its stead

~~the situation of Survey No. 8~~ The situation (survey number)

"By Order"

N 5/3695

for Secretary

more suitable conveniently to the south
there.

2. About 2 acres of land which
is to the south of the village could
be conveniently applied to the same
and as the price of the number is fish
for coffee, I am of opinion that the
said acre number may be safely
removed from the list of encumbrance
grounds submitted with my sketch
No 703 dated 12th June 1911. I therefore
solicit same to appropriate 2 acres
of the number for the erection of
the present Ijara area of the Limu-
Veri Okika village and to dispose
of the remaining extent of 2 acres
and 9 guntas for coffee cultivation
for which it is fit as it is situat-
ed in continuation of the hill on
which the Ijara Patel's tiled coffee
land (survey No 9 and 8/2) are
situated and as it is contended
that the Ijara's growing land is
also fit for coffee cultivation.

3. I may mention here that as
no military force have yet to date

travelled on the Carrimagelin-Fairlane road via Castleveri and as it is most likely that they would do so in future, there is no necessity of keeping this land so open for the purpose for which it is now used. If however any land is required for it a separate agreement will be entered and a report submitted in due course.

4. The Remarkable Plans on the ledge of one hundred submitted for reference.

Sir,

(39)
83 23
R 2727

With reference to the proposed exchange of Survey No 8 of Kallanadu village, Sankarai Taluk, which has been allotted as an encamping ground, for building and cultivation purposes, with other land which is set apart as an encamping ground; have the honor to forward herewith for the information of Government a sketch map showing the Sankarai Village side, Survey No 8, and their surroundings.

(2) Orders called for Sankarai Taluk the opportunity of inspecting the waste lands in connection with the Application and Petition, who has applied for 2 acres of land out of survey number 8 for building Coffy Curing &c. The

The extent of survey No 8 is 22 acres 9 guntas, and as stated by Mr Brickley John, in 1886, the western portion of the number marked 8(a) is in every way convinient for camping purposes and commands a fair supply of water close by. The eastern portion however marked 8(b) is overgrown with dense lantana and is quite unsuited for the purpose of an encamping ground, being situated close to, and underneath, the village. The eastern portion measures approximately about 8 acres and Mr Denne now requests that it may be given to him in exchange for survey No 17 of Kanandoor measuring 8 acres 2 guntas (Kharab 0-10, Balance 7-32) which is in the Khata of Messrs Ross Parker and Co and which has been given on duty tenure.

3. This No 17 is contiguous to the village and Dasaperkhana, is capable of being added on to the village site if need be, and is situated near the new tank.

4. I am therefore of opinion that by giving Mr Denne the 8 acres of survey No 8 marked 8(b) sufficient land, viz. some 14 acres, will still be left for the encamping ground (survey No 8(a)) - this portion being

Draft as per order

(10)

To

The Deputy Commissioner,
Kadur District

Dated 7/7/98.

No. 136 Surv. P.
K. 5-7.

Correspondence ending with the Deputy Comrs. No. 740 (43) of 21st May 1898, regarding the grant of a portion of land out of Survey No. 8 of the Kamandurg village Tarikere Taluk, which is partly set apart as an encamping ground to Mr. Dunne, Agent of Messrs. Ross Porter & Co, in exchange for Sur: No. 17 of the said village ~~which is in the Khata of the said Company and which, being contiguous to the present village site, is capable of being added to it.~~ occupied by them.

— o —

Referring to the above, I have the honor to request that the Deputy Comr. will be good enough to furnish information on the following points:-

(1) What is the extent of the present Gaon Jana and how many houses does it contain?

(2) Is there any vacant space available in the Gaun Jana and if so, what is its extent? (37)

(3) How many new houses are likely to spring up there in the near future? and,

(4) What is the necessity for adding on any extent of land to the present village site?

A clear sketch showing the position of Survey No. 14 ~~as regards~~ in question with reference to the present village site should also be submitted.

The file of vernacular papers on the Subject are returned herewith.

By order"

6/7/98

For Secretary

6/7/98.

× Subd

There are two sketches vernacular file. One is last paper and the other Serial No. 9. In both of Sur No. 14 as well as the Sur Nos are shown. This may therefore be omitted

being well situated, close to the Travellers' Bungalow, road, and stream. I may remark here that there is always water in the stream, and on occasion this supply can be augmented from a small tank above, in Mr Rose Porter's Lantana estate; and by pipe water running to Mr Dennis's Bungalow, which is near the Travellers' Bungalow. This land too has been kept fairly clear of lantana.

5. Under these circumstances no reference to the Resident appears to be necessary.

6. As regards Mr Sparke's opinion that surveyor No 8 is fit for Coffee cultivation I entirely disagree — the land is very inferior scrub covered with a dense growth of Lantana — Survey No 17 which Mr Dennis offers in exchange is land of exactly the same nature.

7. The papers are herewith returned for perusal and return when done with, together with a copy of Mr Dennis's letter.

To

The Secretary to Government
General and Revenue Department

Sir,

In reply to your docket No 136 / 57 dated 7th instant, calling for further report in connection with the proposal to grant a portion of land out of survey No 96 the Kwaadwo Village, Tenkere Taluk, I have the honor to make the following replies to questions raised in

Question I. The extent of the Kwaadwo village site (Gyam Dana) is 12 acres - 10 guntas, and it contains 112 houses.

Question II. There are 5 acres odd unoccupied but they are unsuitable for building on as reported by Mr. Sparkes in February 1896. (vide his letter No 60 S.) and, it is * feared on this very account that the

the question of acquiring land for the Gam Dara was raised by him.

Question III. If the village is extended in the direction proposed, it is reported that about 30 or 40 houses will have to go in the new site.

Question IV. The present village is very badly laid out, on the side of a hill, and is exceedingly insanitary; the houses being unnecessarily crowded together. Nothing can be done to improve the village without extending it, and the site offered by Mr Dicue is in many ways the most suitable ground available being near the Dasaf Khana, the

From F. C. Carr Esquire
Deputy Commissioner
Kadur District

To The Secretary to Government
Genl. & Rev. departments.

Sir,

In reply to your docket No. 2708 R.J. 2-98-99 dated 1st instant, calling for further report in connection with the proposed grant to Mr. Deme of the eastern portion of S. No. 8 of the Kamandurg village in exchange for his land (S. No. 17) to be added on to the village site, the western portion of No. 8 being treated as the encamping ground, I have the honor to state that the plot of land, measuring A. G. 4.22, which was stated in 1886 to have been reserved for encamping purposes, a sketch of which has now been forwarded, forms part of the 14 acres now proposed to be restricted and includes the A. G. 4.22 block before reserved.

2. If only the A. G. 4.22 block be reserved,

the new Tank and the Government

road.

Draft as per order

(12) 2/10

To.

The Dy Commr,
Kasaragod District.

Dated.

No 2708 of 1-10-98.
~~1077~~ End 2nd October 1898

Dy Commrs letter No. 29 of 16th July 1898, requesting further information in connection with the proposed grant to Mr Demé of the Eastern portion of S.No. 8 of the Kumandoor village, Tarikere Taluk, in exchange for his land S.No. 17 to be added on to the village Site, the Western portion of no. 8 being treated as the encroaching ground.

Referring to the above has the honor to forward herewith a copy of the Sketch forwarded to the Residency in April 1897 Showing the ~~[illegible]~~ Situation of the encroaching ground at present at Southern end of S.No. 8, and to enquire

whether what is now proposed to be set-apart as encamping ground is precisely the Spot shewn in the said Sketch, and if so, why an extent of A 14 - 0 P is recommended to be so set apart, when the extent hitherto regarded as encamping ground is only A 4 - 22 P as per Sketch above referred to.

A very early reply is requested.

The papers and the Sketch received from the Dy Comm^r are returned herewith for reference and remembrance -

⊗. P.no. 4 in Kabur Section - even in the driest season. Mr. Sparkes who was called upon to explain the inconsistency between his statement and that of his predecessor, reported that the Stream has since then dried up to a great extent owing to the failure of Springs from some unknown cause.

⊗P.no 5 — Do —

2. The Dy Commr. was then requested in this office No 8323/R2727 dated 8th March 1898 to report what other land he would propose to set apart for encamping purposes. He proposes that the western portion of the said Sur. no. 8 measuring 14A-9G (inclusive of the 4A-22G above referred to) which is in every way convenient for Camping purposes and Commands a fair supply of water close by, may be reserved as encamping ground and that the Eastern portion measuring 8 acres which is overgrown with Lantana &

⊗P.no 6 Do —

quite unsuited for a ... encamping ground owing to its close proximity to the village, and is unfit for coffee cultivation, may be granted to Mr. Denné, Agent to Messrs. Ross Porter and Co., in exchange for Survey No. 17 extent 1-8-2 (including 10 guntas of Kharab) of the same village which may be added on to the village site as in view to the village being improved. (59)

3. Under these circumstances, the Dy Commrs proposals are sanctioned. The land proposed to be granted to Mr. Denne will be held on dry tenure, the assessment leviable thereon being fixed by the Survey Deptt.

Draft letter

(14)

Read:-

Correspondence ending with letter No 205 dated 7th October 1898 from the Dy Comm^r, Kaira District. Submitting further information in connection with the proposed excavation as an encamping ground to the western portion of Sur: No. 8 of the Kimandeva village, Tarikere Taluk, the eastern portion of the Sur: No being given to Mr Penne in exchange for his land S. No. 17 to be appropriated for the extension of the village site.

Q, Order thereon:—

In February 1896 the Dy Comm^r reported that Survey No. 8 measuring $22\frac{A}{-}\,\frac{G}{9}$ had been set apart as an encamping ground during the Survey Settlement but that it was quite unsuited for the purpose being uneven & overgrown

P. No 3 in Kaira Secty

with Cantana and thick jungle
and having no water facilities.
He requested Sanction to a
portion of the number being
appropriated for the extension
of the Gam Jana of the
Sanhiwari Dakka village,
and to the remaining extent
being made available
for Coffee cultivation.
It was stated that no Milit-
-ary force had up to that
date travelled on the Colili-
-magalur - Tamilere Road
and encamped on the land
in question, that there was
no necessity for keeping
the land open for the pur-
-pose, and that if any land
was at all required some
other Convenient spot might
be selected for the purpose.
However
It appeared from the list
of encamping grounds Sub-
-mitted by his predecessor
in 1886 that the extent of
the encamping ground was
only 4-22 and that there
was a Stream about 200 yds
away, which supplied water
